Christmas Candles Glowed Long Before The Time They Were Expected to Burn

At Christmas time the candles glow — so the Christmas cards read — and Wednesday night they were glowing all over town. Old fashioned Christmas customs suddenly descended upon us. Most people were glad enough to stay home, once they managed to get there. Dinner—or maybe it was supper, was served by candlelight, flashlight, lamp-light, or no light, depending on how fortunate you happened to be.

The evening, so close to Christmas, when there was so much to do, was a quiet one. Nobody accomplished anything. Christmas cards will probably be a little late—after all addressing Christmas cards by candlelight is a little too difficult for the modern people — and we wonder how they ever managed to get along by just candles—homemade candles at that — in the old days way back there.

One woman said she tried to read the paper but she couldn't see well enough by the candle light. Then she tried to crochet and she couldn't do that. Most people were in the same fix but some were a little worse than others—some didn't have any heat either. Stokers and gas furnaces, which are run by electricity, were out—and hundreds of families gave up and went to bed.

Candle Business Good

But, the stores that sold candles, flashlights, lamps and such really had an unexpected Christmas rush. One store had enough candles to last ordinarily six months and sold out completely before the store closed about 8:00 o'clock Wednesday night. A hardware store received 40 calls for kerosene lamps. With the coming of the REA sales on Aladdin lamps diminished, but somehow, although they didn't think they needed any more they ordered some new ones.

Alladin lamps really sold — there are a few left but not many — all kerosene lamps are gone, and most of the oil stoves. "We had already put in an ad to run next week for a certain kind of stove and now we are going to have to change the ad," said one hardware man, "We don't have any left to sell." They sold lamp wicks, lamp chimneys and even wood stoves.

You Just Freeze

Well, people could manage without lights but what about the heat. "What do you do when you have no way of heating?" we asked one young woman, to which she replied, "You just freeze. I know just how Eskimos feel living in ice houses, only we didn't have any fur suit to put on."

One eating place that was out of lights and had a big dinner to serve bought a number of Aladdin lamps and a lot of lanterns. A number of businesses were stopped completely, a chiropractor, who had his office in his home couldn't do a thing because he had no electricity to run his lights and machinery, some filling stations were put out of business and various other places had to close up.

Business Not Bad

The downtown stores did a fairly good business considering the weather and all closed all the way from 5:00 o'clock in the afternoon to the Christmas 9:00 o'clock closing time. One store thought they would close at 5:00 o'clock but they had some customers and all evening customers kept dribbling in until they finally stayed open until almost 9:00 o'clock.

Getting home from work was a little problem all in itself and it was bad enough if you lived in town and just had a make your way through tree limbs all over the streets, but when you live in the country it is even worse, one young woman found out. She had

Storm Moving Out, Leaving Big Damage

At Least \$100,000
Loss to Telephone
Company Equipment

KANSAS CITY, Dec. 22.—(AP)—Snow, sleet and freezing rain moved out of Missouri today leaving many cities and towns with disrupted communications and power service.

The most heavily damaged area extended from Southwest Missouri to the northeast portion. Larger cities in the belt are Sedalia, Moberly and Hannibal.

Sedalia was cut off both by telephone and telegraphic service. The State Highway Patrol relayed emergency messages over its radio facilities from and to the city, which was hard hit.

At 9 a. m. this morning workmen had succeeded in restoring the power service to about 50 per cent of normal.

The Southwestern Bell Telephone company reported three cities completely isolated communications-wise. They were Higbee, Monroe City and Paris. The company said 16 other connecting cities also were cut off. The company reported 400 broken poles and 2,400 wire breaks.

The coating of ice ranged from a half an inch on lines in the southwest to an inch and a half in the northeast, near Hannibal. Except for a few snow flurries today, the weather bureau expected clearing skies, but much lower temperatures, around zero in the north to 15 to 20 in the south.

The Highway Patrol reported all highways open and traffic moving.

In the Linville-Clinton area the Missouri-Kansas-Texas railroad reported a complete blackout of its communications. Some 150 poles were reported to have snapped under the weight of ice coated wires.

At Hannibal only two long distance telephone circuits to St. Louis were reported to be in service. (Please turn to Page 4, Column 7)

Dr. E. E. Holtzen Died Today

Dr. E. E. Holtzen of Smithton, 67 years old, died at 2:00 o'clock this afternoon at the Bothwell hospital where he had been a patient since December 18. He had been a practicing physician 48 years.

Surviving are his wife one daughter Mrs. Earl A. Sarazan, Jr. of Kansas City and one son, Matt Holtzen of Brentwood, Ark. A son, Ernest E. Holtzen, II, was killed in an airplane crash in 1933.

The body was taken to the Neumeyer funeral home in Smithton.

Associated Press Printers Off, But 'Show Must go on'

There are jingle bells in newspaper offices the year round. Their momentary absence, particularly at Christmas season, leaves an ominous silence.

These jingle bells signify the operational take-off of Associated Press printer machines, the devices which bring world news to newspaper offices. In the Democrat-Capital news room the bells were silent this morning which is a distressing situation for any news editor to face.

Hurried calls to the telephone office revealed all long distance lines into Sedalia were out of order, including the Associated Press wire. All an aftermath of the ice storm which fortunately did not interfere with the power lines which otherwise might have stopped or delayed production of the newspaper entirely.

But there are ways and means to overcome difficulties, so the news editor, freshly back on the job after an illness dispatched one of the staffers by automobile toward Kansas City to find a useable telephone and attempt to get Associated Press news out of the Kansas City main office, by the

Pipeline Blew Up

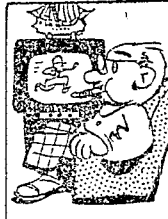

TROUSDALE, Kas., Dec. 22.—(AP)—A 24-inch gas pipeline of the Michigan-Wisconsin Pipeline company blew up today with a blinding flash seen 30 miles away.

No one was injured. The ground was covered with snow and there was no fire except for ignited gas escaping from the broken main. Nearest house was a quarter of a mile from the scene of explosion, two miles west of here.

The line carries gas to Michigan and Wisconsin from the Texas portion of the big Hugoton field.

Company officials said they expected no disruption in service. They explained that there was enough gas in the line above the break to keep distributors supplied until repairs are made.

Thought for Today

The wise carry their knowledge as they do their watches, not for display, but for their own use.—Sir T. Browne.

2:00 o'clock Missouri Pacific train. Supplementing this was another idea—contact the local police radio operator, have him radio the state police, and they in turn to radio Jefferson City and message the Jefferson City Tribune-Review news room to provide duplicate Associated Press wire copy and put it on the Missouri Pacific Eagle arriving in Sedalia around noon.

So the first AP copy came from that source and is what you may read in the Sedalia Democrat today, thanks to the splendid cooperation of the local and state police and the Jefferson City newspapers, and also from the west end courier and Kansas City office which provided later dispatches.

An airplane, flown by Dale Turner, was also called into service this afternoon.

Also contributing to the solution of an emergency news problem was a stenographer in the advertising department, the only staffer adept at shorthand. She transcribed radio news broadcasts which aided materially in rounding out today's world news.

Divorce to Husband

HOLLYWOOD, Dec. 22.—(AP)—Clark Gable's fourth wife, the former Sylvia Hawkes, was divorced in London, June 15, 1948, by Lord Stanley of Alderly on grounds of desertion.

She did not obtain the divorce herself, as stated in a previous Associated Press dispatch.

Battle of the Beverages, Tea And Coffee, Expected in 1950

By Sam Dawson

NEW YORK, Dec. 22.—(AP)—A battle of the beverages is shaping up for next year. A price-supply-demand tangle around the world, mixed in with currency juggling aboard, gives the chance to test the American taste for coffee or tea as its favorite hot and stimulating cup.

Coffee men insist high prices won't change a coffee drinker's habits. They plan to try to get Americans to drink more coffee, in spite of radically higher prices, to do this, they'll have to outbid Europeans for the bean.

Tea men, jubilant that their product has held fairly steady in price since the summer of 1947, after raising 44 per cent above prewar days, are planning a drive next month to induce Americans to switch from coffee to tea. Of course, they've tried this for years, but next month they'll stress coffee prices as their talking point.

What are Americans hot beverage habits now? Apparently, about five to one for coffee. Americans consume 2.6 billion

MacArthur Calls For Investigation

Of The Fate of
Missing Japanese
War Prisoners

By The Associated Press

General Douglas MacArthur called today for an independent investigation of the fate of 376,000 missing Japanese war prisoners captured by the Soviet Union.

MacArthur asked Washington take action after his diplomatic advisor yesterday told the Allied Council for Japan that probably 374,041 of the missing Japanese prisoners had died in Russian prison camps.

The Soviet delegation walked out of the council. MacArthur appealed to Washington to begin negotiations for an investigation of the missing prisoners either by a neutral nation or the International Red Cross.

Russia Steps Up Charges
Meanwhile Russia stepped up often repeated charges that MacArthur is re-creating Japan a Fascist state.

Little Yugoslavia, now out of the Russian orbit but still a Communist country, celebrated Army Day. The Balkan nation ignored Joseph Stalin's birthday celebrations yesterday. Important Events In World News

CHICAGO, Dec.—(AP)—The nation's death toll in traffic accidents over the three-day Christmas holiday may reach 435, the National Safety Council says.

The pre-holiday estimate is the largest ever made for any holiday by the council. It said the estimate covers only immediate traffic deaths — persons killed between 6 p. m. Friday and midnight Monday.

Ned H. Dearborn, council president, said: "We are forced to make this estimate by mathematics. It certainly is a terrible thought for the Christmas season. But our hearts tell us the toll will be lower — that the American people will not permit such a tragedy. I hope our mathematics is wrong, and our hearts are right."

A New War. . . .
YUGOSLAVIA — Yugoslavia a year ago displayed pictures of Stalin as big as any, but yesterday that country, an outpost from the Cominform, accused Russian leaders of "counter-revolutionary" propaganda . . .

GERMANY — In eastern Berlin, held by the Russians, anti-Soviet leaflets calling Stalin the "greatest slave-owner of mankind" were broadcast. They were stamped with the letter "F", symbol of the east German "Freedom Movement."

NEW YORK — Secretary of Defense Johnson warned against "penny-pinching" on defense outlays. He said the nation's watchword must be "military security first, economy second." He said the U.S. must have an up-to-date fighting force in being, rapidly enlargable in wartime, capable, in concert with our natural allies, of defeating a potential enemy." He didn't mention Russia . . .

WASHINGTON — Also without mentioning Russia, President Truman said "in an age where peace must be protected, we must resort to our own strength to hold aggression at bay." He said "until the captive peoples of the world emerge from darkness, they cannot see the hand we hold out in friendship. While they are made to respond to our handclasp with a mailed fist, we have no choice but to stand ready in self-defense."

MOSCOW — At the celebration of Joseph Stalin's 70th birthday, Mao Tze-Tung, leader of the Chinese Communists, hailed Stalin as "teacher and friend of the people of the entire world." And V. M. Molotov, former foreign minister and a powerful member of the Politburo, lashed out at Premier Marshal Tito and his aides in Yugoslavia as a "gang of hired murderers and spies in the service of foreign imperialists." He said Tito's days are numbered, and he said "ruling circles of the United States and Great Britain are feverishly preparing for a new war."

Religious Talk To Kiwanians

A talk emphasizing the significance of the coming of Christ the written gospels concerning events of the times was given by Rev. Roy L. Bowers, pastor of the First Methodist church, before the Sedalia Kiwanis club meeting in Bothwell hotel Thursday noon.

Pinkney Miller, program chairman, introduced the speaker. President Bert Hathaway announced the final meeting of the 1949 board of directors would be held Friday evening Dec. 30.

Guests were Charles Potter of Parsons, Kansas, with J. H. Brunkhorst and W. C. Heynen of Brentwood, with Clyde Heynen.

Robber Remained

MEMPHIS, Tenn., Dec. 22.—(AP)—Usually a robber leaves the scene of a holdup, leaving his victim standing there.

But it was different at Reuben Friener's grocery store last night. Friener told police a robber took \$600 from him, then made him get into his own car and drive off. The bandit just stood there in front of the store, gun in one hand—and, Friener complained, money in the other.

Some Signs of Happy Year For Consumers

Federal Reserve
Expects Expanding
Money Supply

WASHINGTON, Dec. 22.—(AP)—There were some signs today of a happy New Year ahead for consumers—with money more plentiful, a drop expected in pork and egg prices, and the easiest installment terms since the war.

The good news for those who like ham and eggs came yesterday from the Department of Agriculture. It reported prospects of a record-breaking peacetime pork supply in 1950, along with a possible eight to ten-cent-a-dozen drop in the cost of eggs.

The Federal Reserve Board followed that up today with a report that:

1. "The tendency seems to be toward progressively easier terms for all borrowers" who are buying goods on the installment plan.
2. It expects an expanding money supply next year. This includes bank deposits (both checking and saving) and currency in circulation. It will be swelled by large public outlays by federal, state and local governments—made with the use of bank loans since tax income doesn't cover the cost.

It is probable that consumers will continue to pay the same rate of income taxes and also the cost of steel products and coal is expected to rise. However, these increases may be offset in part by the mounting congressional drive for a cut in the taxes levied on so-called "luxury items."

Some Savings
That would bring somewhat lower telephone bills, cheaper transportation, and a saving on such other things as electric light bulbs, cosmetics, leather goods and jewelry.

The Reserve Board said in its monthly bulletin that installment terms already have eased considerably since government credit controls ended last June 30—most notably in the cases of new automobiles and refrigerators.

The one thing which would keep the supply of money from expanding, the board study commented, would be a "marked decline in over-all credit demands of businesses, farmers, real estate owners and consumers."

The money supply, it noted, fell off in 1949 for the third year in a row. "The total amount of currency outside banks at the end of November," the board said, "was \$800,000,000 less than a year earlier and \$1,500,000,000 below November, 1946."

Like money, pigs were expected to be plentiful in 1950. The Agriculture Department said the fall crop this year is ten per cent higher than last year's, while next spring's crop is due to be six per cent bigger than in the spring of 1949.

Those two crops will make up the bulk of the 1950 pork supply, and the increase probably will be reflected in lower prices paid by the consumer.

In a second announcement, the department said it will support egg prices at a level intended to assure farmers across the nation of an average income of 37 cents a dozen—compared with 45 cents this year.

That policy, officials predicted, will mean a drop of eight to ten cents a dozen in the average cost to consumers.

In the steel picture, the \$4-per-ton boost recently announced by U.S. Steel Corp., was spreading quickly throughout the industry, which was expected to pass it on to steel users and thence to the consumer.

Steel men said one reason for the boost was the strike-ending pension and insurance plan negotiated by Philip Murray's CIO steelworkers.

Labor also was involved in the possibility of a boost in coal prices. Mine owners have said that any worker benefits which raise the cost of digging coal will mean a rise in the retail price.

Sedalia was cut off from all outside communication today, with the exception of short-wave radios, used by the police and state highway patrol in cases of emergencies.

The icy storm that arrived Wednesday morning, caused great damage to electric circuits, telephone wires, tree limbs, and isolated the city from outside communications. Telegraph service, railroad communications and long distance telephone calls were out today.

A report from the Missouri Public Service Corporation disclosed that electric service would be restored to practically all industries and business places by tonight, and that it would probably take another day or so to restore service to all the homes in Sedalia, which have gone without electricity since Wednesday morning.

Many Phones Out

Tom Mullaly, manager at the telephone company said a thousand or more telephones were out in the city, and most of the long distant circuits went out Wednesday noon, while a circuit or two were still open up to late that afternoon. Twenty-five different crews from over the state and Illinois arrived today to aid the local workers. The out of town gangs' first job will be to survey the damage area and check the breaks.

The icy storm took Sedalia by surprise. When it started Tuesday afternoon, it was nothing but a rain, and continued raining that night and Wednesday morning. But the temperature was just at the right degree to freeze the rain as it hit trees and electric currents. If the weather had of been slightly warmer or if the rain was sleet, it would of probably gone through the foliage, to the ground without causing the destruction it did.

Wednesday, the switch-board operator at Missouri Public Service received nearly a thousand telephone calls from residents complaining of having no electricity, and she is receiving about that many today. The corporation is using almost 100 men to restore power as quickly as possible, and those who have called once to report no electricity are asked to refrain from calling another time.

City Employees Busy

James I. Collins, city engineer has received calls constantly day and night and they were still coming in regularly today, persons wanting the city to remove the fallen tree limbs. The engineer pointed out that at the present time, the main job was to remove limbs from the streets to enable passage, then the city and alley departments would remove the fallen limbs from alleys and sidewalks. He reported a 16-ton motor patrol blade and a highlift machine were being utilized in removing the debris from the streets. He said some of the tree limbs weighed tons, and that man power was not enough to remove them.

The 12:01 passenger train from Jefferson City did not arrive in Sedalia until after 1:00 o'clock this afternoon. There is no communication service between LaMonte and Smithton, therefore the employees at the ticket office have no idea what time trains will arrive at the depot.

Hotel Business Booms

The candle and hotel business boomed in Sedalia Wednesday and today. Lights went out in nearly all the business places north of Third street Wednesday afternoon at 2:00 o'clock, and came back on that evening at 6:00 o'clock. During the interval, many candles were purchased and lighted. Many farmers and town residents who were without electricity, packed suit-cases and moved in to Sedalia's hotels.

A great number of automobiles were damaged when the heavy limbs loaded with pounds and tons of ice fell upon them. Several houses were the target for fallen trees and limbs.

People On Alert

People walking and driving constantly had to be on the alert for the falling ice-limbs. On several occasions, a limb would fall in the path of a running car, and when the driver attempted to reverse his machine, another limb would fall, thereby pinning the driver and car from moving, until an army of men drug the tree limbs aside.

Pork Supplies Abundant

Outlook Is For Breaking Of Peace Time Records

WASHINGTON, Dec. 22—(P)—Pork supplies next year are likely to break all peacetime records and to sell at somewhat lower retail prices than this year.

This outlook was drawn from an agriculture department survey today which reported that the 1949 fall pig crop is 10 percent larger than last year's. It also forecast a six percent increase in the 1950 spring crop.

These two crops will provide the bulk of next year's pork supply.

Only twice—in the war years of 1942 and 1943—were pork supplies larger than those in prospect for next year. The wartime supplies were shared with armies and allies abroad. Little pork is exported now, however.

Supplies of beef and veal, on the other hand, are expected to be about the same as this year, with lamb supplies expected to be smaller.

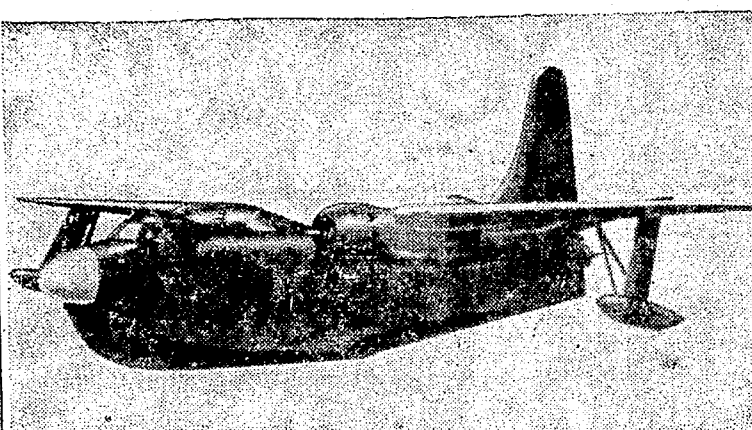

Feed Is Plentiful

Abundant supplies of corn and other feeds, and relatively favorable prices for hogs, have brought about the increase in hog supplies. However, prices have declined rather sharply since last summer.

Another factor believed to have had a tendency toward increasing the supplies in the government policy of supporting prices. Since early in the war the price has been supported at 90 percent of parity. This guaranteed farmers that there would be a floor under prices, and hence tended to encourage production. However, actual prices have been higher than the support level, due to the demand.

Prices of both hogs and pork in 1950 will be determined in a large measure by the price support programs. The department is committed to a support price of 90 percent of parity through March 31.

After March 31, the support rate may range anywhere between zero and 90 percent of parity. The department has not yet announced what the rate, if any, will be. But it is generally assumed that the department will continue to support prices,

although possibly at somewhat lower levels.

The fall crop was reported at 37,262,000 head compared with 33,921,000 for the 1948 fall crop and 34,692,000 for the 10 year (1938-47) average. The largest fall crop in history was 47,584,000 in 1943.

The coming spring crop was forecast at 62,500,000 head. This compares with the 1949 spring crop of 59,039,000 and the 10-year average of 54,392,000. The

record spring crop was 74,223,000, also produced in 1943.

Raise Funds For Dormitory

MARSHALL, Mo., Dec. 22—(P)—Marshall and Saline county went over the top Wednesday in campaign to raise \$100,000 to help finance a new women's dormitory at Missouri Valley College.

A total of \$103,573 in cash and pledges was announced by Art-

this month, nine cents higher than in November when there were 127,910 persons on the rolls and the total cost was \$5,513,989.

At the same time, \$1,338,003 was mailed to 25,295 families with dependent children. The per family average this month was \$52.90, 18 cents less than last month. There were 25,058 families on the ADC rolls in November when the total cost was \$1,330,032.

hur G. Thomas, Marshall, chairman of the drive. The initial gift of \$125,000 toward construction of the dormitory came from the estate of the late Ulysses Sidebottom, Chillicothe banker. College officials expect to receive another \$100,000 from alumni and friends of the college outside Saline county. The new building, designed to provide living quarters for 140 women students, already is under construction.

Mackenzie's Column

By DeWitt Mackenzie
AP Foreign Affairs Analyst

The new and mighty nation of India, which a month hence as-umes the status of a sovereign republic, is displaying some aston-ishing growing pains

For instance, take the strange case of the Gaekwar of Baroda who until the advent of the new India was one of the richest and most powerful of old India's some 600 ruling princes. His highness is the potentate whose state legis-lature charged that he blew \$10,000,000 in a six-week spree

The case was compromised when the charge was dropped and the Gaekwar withdrew to life as a commoner in his palace, behind a mighty barricade of jewels and gold. His princely was absorbed by the Bombay government

A "Private Citizen"
So his nibs now is a "private citizen," which is a paradoxical designation for one who manages to keep so much in the public eye. The latest adventure of this po-tentate is involvement in a dis-pute with his 250 palace servants. They have organized a union un-der India's new freedom and are striking for higher wages

There's a fine kettle of fish for a ruler who virtually held the power of life and death over his 3,500,000 subjects. Worse and more of it, 3,000 municipal work-ers in the city of Baroda have struck in sympathy with the palace servants. The Bombay gov-ernment can't intervene in the palace dispute because, for sooth, his highness is a "private citizen." Thus he himself must handle this phase of the metamorphosis of princely India

Indulged His Children
This prince is the successor of an indulgent grandfather, the famous Gaekwar of a generation ago who was internationally known as a beneficent ruler and a great philanthropist. The old Gaekwar was one of the finest men I have met, but he certainly did have a weakness for loading his children with riches

As an example, the former Gaekwar was reputed to have given his second son, Prince Jaisingh, an annual allowance of \$500,000 when the young man was sent to Harvard. Well, you can imagine the result. I knew Jaisingh later in India, and saw him throw money about like pean-ut shucks. He died at an early age while touring Europe

The elder brother was heir to the throne at that time and his s, the present Gaekwar, was a youngster who was being care-fully guarded against assassina-tion, since he was a potential heir

Sure enough, his father also died young, and the present prince be-came ruler of the great state of Baroda when the old Gaekwar passed on

Kept Up the Record
If the current Gaekwar did spend \$10,000,000 in six weeks he was merely keeping up the record set by some of his elders. Unhappily that also was the re-cord in many of the ruling houses of India. The maharajahs had such vast wealth that they just didn't have much idea of its extent. These riches had piled up over the centuries and, of course, were acquired through the sweat and blood of long generations of pa-tient subjects

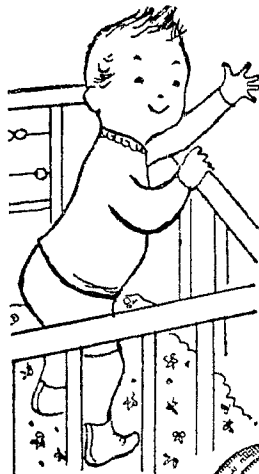

During my time in India there was one princely rake who used to get soused on champagne and chase wild dogs across country in a Rolls Royce. Fox hunting he called it

Perhaps in some previous col-umn I may also have mentioned the prince who was driving his own car when he found his road blocked by a peasant's bullock cart. The prince, who had too much alcohol aboard, got out of his car, pulled a pistol and shot the peasant dead. Later this ruler remarked to a friend of mine: "You know, I shouldn't have shot that fellow. It really wasn't a nice thing to do. Hereafter I'm not going to drink champagne when I'm driving."

Not All Alike
However, it would be unfair to stop our column on this note. Some of the maharajahs were beneficent rulers and did much for their people. Among these most assuredly must be included the great house of Baroda, at least in some periods of its reign. Most of the principalities of course have been absorbed by the new government of India. The bejeweled maharajahs with their richly comparisoned trains of elephants are returning to the dim past to which they belonged

TONIGHT and FRIDAY OPEN 'TIL 9 P.M. SATURDAY 9 a.m. to 6 p.m.

Washington PTA Meeting

The Washington P. T. A. met Friday night, December 16, at the school at 7:30 o'clock.

Mrs. Paul Hunnell gave the Christmas story in the devotional. Rev. W. I. Botkin was the speaker of the evening using as his theme, "Foundations for Better Living." He stressed the importance of memories in the growth of the individual.

The program was presented by the pupils of the fifth, sixth and seventh grades. Mrs. Mae, Miss Zanie Medlock, Miss Sue Duval, Mrs. Mary Maddox and Miss Eugenia Arnold were the teachers in charge of this program of Christmas music. The children had entirely memorized the Christmas cantata, "Chimes of the Holy Night" and sang it under the direction of Miss Arnold.

Mrs. Ralph Saimon accompanied the choir and also accompanied Dale Lewis, who played a violin solo: "Jesu Bambino" by Yon.

Five Persons Die in Rooming House Fire

CHARLESTON, W. Va., Dec. 22.—(P)—Five persons, including two children, died in a rooming house fire here early today.

The victims, all Negroes, were Mrs. Katie Cora Winston, 33, and two of her children, Sammy, 3½, and Beatrice, 2; Henry James, 42, and Eugene Clark, about 30.

Witnesses said Mrs. Winston had escaped from the building, but ran back into the structure in an effort to save the youngsters. Her body, with the two children in her arms, was found in a second-story room.

Four other persons escaped. Fire Capt. J. M. Sturgeon said blaze apparently was started by a small gas heater.

Santa Claus Entertained

HOLLYWOOD, Dec. 22.—(P)—Ever wonder who plays Santa Claus for Santa Claus?

Bob Hope, of course. Some 37 St. Nick's, of the department store variety, were the comedian's guest last night for dinner and cocktails.

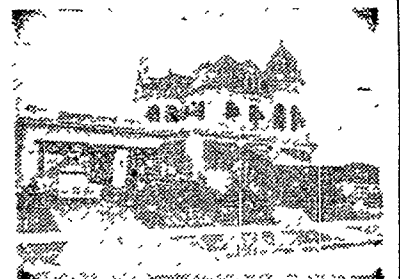

"Nobody ever does anything for these boys," Hope explained. All showed up in costume after their long day's work.

Quipped Hope as he looked over the mass of beards: "Looks like a white Christmas."

Mr. and Mrs. H. M. Tuckley, Joan and Junior of Buncheon were unable to attend.

Cook Turkey In Less Time

New Tests from the Bureau of Home Economics show that we can turn up the oven a little when cooking turkey and have a richly brown and tasty bird in less time, according to Lillian Watkins, Home Agent. A temperature of 300 or 325 degrees is now recommended for turkeys. It used to be around 50 degrees lower than this. With this new temperature you'll need to roast a 6 to 10-pound turkey for 2½ to 3 hours; a 10½ to 14 pound turkey for 3 to 3½ hours, and a 14½ to 18-pound turkey for 3½ to 4½ hours. It is recommended that a low open pan on a rack is best for roasting a turkey. This gives better browning, less breaking of the skin, less shrinkage and more even cooking than if the deep-dish-fashioned roaster is used.

Winners in Dance Contest

The Tri-Community RYO club square dance team was judged the winner of the Liberty theatre's Square Dance Contest Tuesday night.

Dancers on the team were Herman McMullin (caller), Betty Wolf, Leonard Klein, Ruth Harvey, Richard Warren, Betty Jean Klein, Byron McMullin and Amelia Weller. Other club members who participated as spectators were Gilbert Langston, Robert Cranfill, Jesse McMullin, Bill Leicher, Edith Crain and Anna Lee Harvey.

The club was awarded a large loving cup by Reed and Son, Jewelers, sponsors of the contest.

The Fun and Laughter RYO club of Southwest Pettis county, and Sedalia's Teen-Town were the other two organizations who had squares entered in the contest.

Four novelty acts from the Harper School of Dance were presented before the square dance. Appropriate stage settings and a square dance band composed of Claude Bratton, R. P. Chapman and Woody Grimes rounded out the presentation to give an authentic "barn dance" flavor.

St. Louisan Named Judge Circuit Court

JEFFERSON CITY, Dec. 22.—(P)—Gov. Forrest Smith appointed John K. Regan, 36-year-old navy veteran, of St. Louis, judge of the Eighth Circuit Court today.

Regan, who has been 17th Ward Democratic committeeman in St. Louis, succeeds the late Judge Joseph J. Ward who died Nov. 5. Ward also was a Democrat.

The other two nominees before the governor under Missouri's non-partisan court plan were Franklin Miller, a former circuit judge, and Gilbert P. Strelinger. Both are Democrats.

It was the first time all three nominees for a judgeship were from the same party. Usually, the nominating commissions name two from the governor's party and one of another political faith.

Stitch-Chatter Club Meeting

The Harmony Stitch and Chatter Club met in the home of Mrs. Dale Rehmers, Thursday, December 16.

The morning was spent in piecing on a quilt for the hostess. After dinner, the usual dinner meeting followed, which was presided over by the president Edna Rehmer.

Christmas songs were sung. The devotional was led by Mrs. Maness in the absence of Aunt Jane Cramer, who has been ill. Gifts were placed under a decorated tree and later exchanged and Sunshine Pals were guessed. Names were drawn for next year's pals.

Twelve members and three children were present. Visitors were: Mrs. Leverne Masters and daughter from Sedalia, and Mrs. Carmon Bealer from Florence. The next meeting will be held in January with Mrs. Rehmer.

Not to Seek Presidency

PORTLAND, Ore., Dec. 22.—(P)—A letter written by Gov. Thomas E. Dewey indicated today the New Yorker will not again seek the presidency.

The 1948 Republican candidate for the White House wrote his Oregon campaign manager, John C. Higgins, Portland, on the subject. The former aide said he asked Gov. Dewey the presidential question because of rumors Dewey might make a third try for the office.

Dewey's reply said: "Nothing has occurred or will or can occur to change what I said the day after election last year. 'Nothing could arise now or in the future that would lead me to be a nominee of our party in 1952. My decision on this matter is as certain and final as death and the staggering New Deal taxes.'"

Mr. and Mrs. Jack Ridgeway of Cape Girardeau arrived in Sedalia to spend the Christmas holidays with their parents, Mr. and Mrs. W. T. Ridgeway, 319 East Seventh street, and Mr. and Mrs. James I. Collins, 823 West Fifth street.

The third Mrs. Roosevelt said she found the report "a little surprising" and that she "may not be able to get away to get my divorce."

Roosevelt had no comment on his reported romance with Miss Durston of Hartford, Conn. Yesterday Mrs. Gladys Durston, the singer's mother, said her pretty brunette daughter and Roosevelt were "interested in each other."

Mrs. Roosevelt, a pretty blonde, apparently took this as an announcement of an engagement. She told a reporter that her television program would keep her in town—maybe for two months, maybe two years.

"And when I get ready to get my divorce," she added, "I'll announce it myself."

Meanwhile, Miss Emerson was unavailable for comment.

Mailing Record
NEW YORK, Dec. 22.—(P)—Christmas, 1948, has set a one-day postoffice mailing record in New York City.

Postmaster Albert Goldman reported that receipts yesterday totaled \$1,005,859, the first time in the postoffice's history that one day's business has topped the million dollar mark.

Heretofore, the largest amount ever taken in on a Christmas season day was \$778,184 on Dec. 20 last year.

It was written in pencil on the back of a page torn from a book or pamphlet. The governor said it took three days to make out part of the letter.

As soon as its contents were clear, he called Ben F. Weir, publisher of the Nevada Daily Mail and one of his honorary colonels. Weir found out who the little girl was and promised to see she has a nice Christmas.

The governor identified her only as "Gladys."

OBITUARIES

Misses Plant Fire But Later Dies of Burns

SIoux CITY, Ia., Dec. 22.—(P)—A woman who missed work at the Swift packing plant on the day of last week's blast died early today of burns suffered in a trailer home fire, which also took the life of her husband.

The victims were Chester Atwood, 40, and his wife, Vivian, 34. They died at a hospital a few hours after an explosion which destroyed their trailer home. Assistant Fire Chief Clarence Chapelle said a gasoline pressure cooking stove blew up.

Mrs. Atwood worked at the Swift plant here. She was at home with her ill husband last Wednesday, however. Then an explosion at the plant took 20 lives and injured nearly 100 persons.

Persian Kitten to Be Child's Pet

JEFFERSON CITY, Dec. 22.—(P)—A Persian kitten to pet is assured for the five-year-old Nevada girl, crippled by infantile paralysis.

Gov. Forrest Smith said today he is fulfilling the scrawled Christmas request of a little girl named Gladys for a "Persian cat and nuts—fig nuts if you have them on your tree for me."

The youngster addresses the envelope to "Forrest Smith, St. Louis, Mo." but the letter itself was headed, "Sandie."

It was written in pencil on the back of a page torn from a book or pamphlet. The governor said it took three days to make out part of the letter.

As soon as its contents were clear, he called Ben F. Weir, publisher of the Nevada Daily Mail and one of his honorary colonels. Weir found out who the little girl was and promised to see she has a nice Christmas.

The governor identified her only as "Gladys."

downtown Christmas decorations said he worked 15 hours Wednesday picking up the fallen decorations and hauling them to his home for a thawing out. Out of 59 decorations strung across Sedalia's streets, 37 were damaged. Raines said he doubted very much whether the decorations would thaw out in time for Christmas.

Police Busy
The police department was busy today, relaying important messages. The highway patrol headquarters at Lee's Summit would relay an important teletype or death message to the Sedalia police department over the radio, and the local police in turn would contact the people in Sedalia by telephone.

Telephone Company's Situation
Sedalia was completely isolated today from making any long distance telephone calls out of the city, according to Thomas Mullaly, manager of the Southwestern Bell Telephone Company in Sedalia.

He reported a thousand telephones out of order and said Wednesday's telephone calls totaled 85,000, compared to any normal average of 40,000 calls a day. Mullaly said 25 gangs, each equipped with a truck, foreman and crew would arrive in Sedalia from over the state as well as the state of Illinois. Fifteen gangs will be used to repair long distance lines, while ten gangs will be utilized in fixing the local telephone wires.

Schools Closed
All public schools in Sedalia, which closed at noon Wednesday, because of the weather conditions and lack of power remained closed today and will not reopen now until after the holidays.

of cominform friendship. There are mounting demands from both Republican and Democratic lawmakers in Washington that Uncle Sam ease off his Santa Claus role in Europe. The congressmen are calling for a sharp cut in European recovery spending.

Sen. Vandenberg of Michigan led off the stop-spending campaign. He was followed by others including Sen. McKellar of Tennessee who said even Paul Hoffman who directs the Marshall Plan program realizes there should be a cut in the vast appropriations.

The pay will be forthcoming after Jan. 1 when money from tax collections and loans will be available, Hackman said. He added the county expects to operate within its income next year for the first time in four years.

Cutback Order Being Sent

NEW YORK, Dec. 22.—(P)—Drills and other training for Army reservists will be reduced sharply beginning Jan. 1, the New York Times said today in a dispatch from Washington.

The retirement, which will affect both enlisted men and officers, was approved Monday by the department of the Army, the newspaper said.

It added that cutback orders are being sent to reserve commanders throughout the country and will reach units at a time when many of them are conducting recruiting drives.

Reason for the action was said to be that appropriations for the current fiscal year are insufficient to cover training pay of the large number of men already in the reserve program.

Present appropriations provide \$22,400,000 for drill pay for the fiscal year ending June 30. If training continued at the present rate, the Times said, the Army would exceed this amount by 54 per cent.

The number of active reservists was reported to have jumped from 47,500 at the end of 1948 to 230,000 last October, while total drill-days increased from 151,000 last July to 317,000 in October.

Under existing law, a reservist gets one-third of his monthly base pay for each drill period of four hours.

Under present prospects, the Times said, all the Army's available funds for drill pay will be needed for the remainder of the fiscal year to train units made up according to authorized tables of organization and equipment.

These units, which are required by law to receive 48 drill periods a year, are supposed to be maintained in a state of readiness that would permit their immediate mobilization.

Other units probably will have to go without drill pay at least until June 30, the Times said.

These later units are in effect manpower pools in which reservists are kept in a moderate state of training.

Slight Fire Damage

An overheated flue set fire to a wall in the basement of V. E. Scott's residence, 1111 West Broadway this afternoon at 1:57 o'clock. Firemen used one pump bucket to extinguish the blaze which caused about \$25 damage to the wall.

Storm Moving Out, Leaving Big Damage

(Continued From Page 1)

Louis were available today. Telegraph lines were out, some streets were blocked by fallen trees and limbs. While the main power supply still was operating, service to many individual homes had failed.

ST. LOUIS, Dec. 22.—(P)—The Southwestern Bell Telephone company reported today an ice storm that cut across Missouri yesterday caused about \$100,000 to the company's equipment.

Nineteen Missouri communities were without long distance telephone service today. Most of the damage was in a belt extending generally from Southwestern to Northwestern Missouri, the company said.

More than 270 long distance circuits were down in the state, and 2,500 wire breaks were reported. There was some damage in Southeastern Kansas and Northeastern Oklahoma.

Four hundred repairmen were working on the damaged lines. The company said the isolated telephone exchanges were at Smithton, Ottaville, Green Ridge, Windsor, Palmyra, Monroe City, Stoutsville, Paris, Centralia, Santa Fe, Perry, Center, Sheldon, New London, Lakenan, Shelby, Holiday, Higbee and Milo.

St. Louis County Can't Meet Payroll

ST. LOUIS Dec. 22.—(P)—It will be a payless Christmas for some 700 employees of St. Louis county — with the county unable to meet a payroll for the first time in 15 years.

December paychecks usually are handed out to the employees a few days before Christmas. But county auditor Clarence Hackman said no funds are available for the \$135,000 owed to employees for this month.

The pay will be forthcoming after Jan. 1 when money from tax collections and loans will be available, Hackman said.

He added the county expects to operate within its income next year for the first time in four years.

Plot To Blast Auto Workers

Suspected By Reuther As Being By "Comms"

DETROIT, Dec. 22—(AP)—Unknown enemies of the CIO-United Auto Workers plotted unsuccessfully to dynamite the union's international headquarters Tuesday night the fifth act of violence against the UAW and its officers.

Immediately, the union took steps to defend itself against a wave of terrorism.

Rewards totaling almost a quarter of a million dollars were offered for unknown saboteurs and gunmen. UAW President Walter P. Reuther said he suspected that Communists were behind it all.

Strict securities measures were in force today at the union headquarters.

In Washington, Attorney General Howard McGrath ordered the Federal Bureau of Investigation to look into the case.

Outside the three-story building last night a powerful charge of explosives was laid. Police said it was big enough "to blow up a city block."

It failed to go off only because a detonator and fuse did not work properly. Possibly this saved many people from sudden death.

Both police and union officials linked the crime with the unsolved shotgun attacks on UAW President Walter Reuther and his brother Victor, and other recent anti-union violence here.

But officers were stumped so far in their investigation. They called in for questioning a former union officer who had been in a number of scrapes, but he was not regarded as a suspect.

"This is apparently part of the same campaign of terrorism which has been directed against our union over the last two years," said a statement from four top UAW officers.

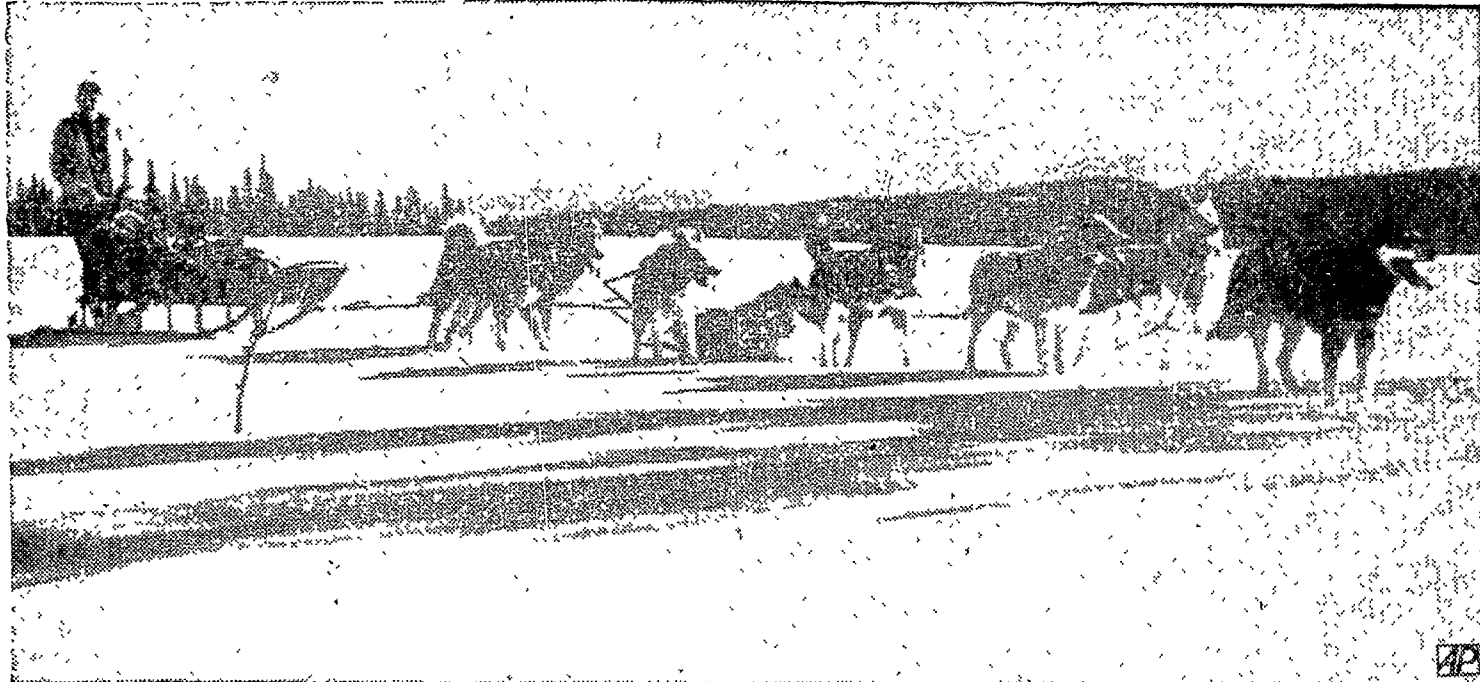

"It is being waged by anti-labor, un-American elements."

The union announced a \$25,000 reward for the dynamiters. Another \$200,000 UAW reward for apprehension of those responsible for the Reuther shootings still stands. Groups outside the union have offered an additional \$17,150.

A box containing 39 sticks of dynamite, wrapped in Christmas paper, was found last night on the steps leading to the headquarters basement. The discovery immediately brought hordes of policemen back into the investigation which had been under way since Walter Reuther was shot April 20, 1948.

Walter Reuther, like many others, strongly suspected a red plot. It was a plausible suspicion, observers believe, because he has made the UAW one of the foremost bulwarks against Communism in American labor.

Dog Team Seeks Missing Hunter

Les Lammers and his Alaska eight-dog team are pictured in the rugged Black Snake ridge area southeast of Walla Walla, Washington, as he and his team joined in the search for Donald McDonald, 18, missing elk hunter. Support Producer Prices On Eggs

WASHINGTON, Dec. 22—(AP)—The government announced Wednesday it will support producer prices of eggs in 1950 at a national average of 37 cents a dozen. This is about 8 cents less than this year's average farm prices.

This means, agriculture department officials said, that consumer prices next year may average 8 to ten cents a dozen below this year's prices.

Actual retail prices will depend upon production. A sharp cut in output might prevent prices from dropping as much as the reduction in the support price.

But, officials said, 1950 egg production is expected to be 2 or 3 per cent higher than this year.

The 1950 support program will be designed to reflect about 75 per cent of parity compared with 90 per cent this year. Parity is a legal standard for measuring farm prices. It is designed to be equally fair to farmers and consumers.

No Changes In The M. U. Lineup

COLUMBIA, Mo., Dec. 22—(AP)—There will be no changes in the starting line-up of the Missouri basketball team when it meets Southern Methodist in a two-game series beginning tonight.

Coach Wilbur Stalcup said so today as he left with 14 players for Dallas. He said Bill Stauffer and Bud Heineman would be at the forward posts, Don Smoot at center and George Lafferty and Kenneth Shockley at guards.

Jerry Fowler, Tiger center, will not be on hand for the first game because of the death of his mother at Boonville. Stalcup said,

Cowboy Ambition Leads To Jail

BOONVILLE, Mo., Dec. 22—(AP)—The ambitions of two Newton, Mass., youths to become cowboys ended Wednesday in Missouri jails.

City Marshal Layton Miller said Donald Forte, 15, is being held here, and his companion, John Caldron, also 15, is being held by police at Higginsville, Mo.

Miller said Forte had told him the boys financed the trip to the west with \$600 taken from a Newton office Nov. 27, and with \$200 he admitted taking from his father six months earlier.

When taken into custody here Forte had \$3.53 and a bag with 14 .38 caliber pistol cartridges. Miller said Caldron had a .32 caliber automatic pistol. The officer said Forte told him the youths parted company yesterday after an argument at Columbia.

Both are being held for Massachusetts officers.

Children Found Dead In Trunk

CHEYENNE, Wyo., Dec. 22—(AP)—Ten-year-old David Wilson, and his 11-year-old brother, Clinton, were found suffocated to death in an old fashioned trunk Wednesday.

Police and sheriff's officers and the boy's parents, Mr. and Mrs. John Disarro had been searching frantically for them since late yesterday afternoon.

While the mother was looking through some drawers in the family home early today, she chanced to open an old fashioned, oval top trunk. There were her boys—dead.

Authorities believe the youngsters got into the trunk yesterday afternoon or early evening, pulled down the top and were accidentally locked in. The trunk lock was the old fashioned type with a hasp which locks when the top comes down.

Prison Spurs Interest In Law

CARTHAGE, Mo., Dec. 22—(AP)—J. Dale Hunt, who claims that prison bars spurred his interest in the law, won a round in court Wednesday.

He appealed before Circuit Judge Woodson Oldham for a hearing on his own application for a habeas corpus. However, Hunt asked that the case be transferred to another division inasmuch as Judge Oldham was scheduled to appear as a witness in the case.

The request was granted and the case transferred to the court of Circuit Judge Walter E. Bailey.

Hunt seeks his freedom on grounds his life and health were jeopardized by confinement in the same cell block with a tubercular prisoner. Hunt and Herman Bozard are charged with attempting to burglarize a Joplin motor car sales company last June.

Bar Annuity In Event Of Fraud

WASHINGTON, Dec. 22—(AP)—Rep. Karsten (D-Mo) said Wednesday he is working on a bill that would prohibit congressmen and others who are convicted of defrauding the government from receiving a government annuity later.

A convicted congressman, he said, could be taken care of by the government for the rest of his life after he reached the age of 62 years if he had government annuity.

The proposed bill, Karsten said, would apply not only to members of Congress but to all other federal officials.

The Missouriian also disclosed he is investigating the bonding of federal government employees.

The report of the Hoover commission on reorganization stated, he told a reporter, that the government is spending \$2,000,000 a year in bonding premiums when losses average only \$200,000 a year.

Karsten said he has talked with bonding company executives who disagreed with the commission report.

Since then, he said, he, as chairman of a House committee on public accounts, has been surveying various agencies on bonding premiums and losses.

"The information I have been getting up to now indicates the Hoover commission report may be substantially correct," he said. If so, he added, it appears there should be some adjustment in bonding premiums.

Assailant Given Long Prison Term

CARLSBAD, N. M., Dec. 22—(AP)—Less than 36 hours after attacks on three teen-age girls, a sentence of 70 to 99 years in prison was passed Wednesday on a confessed rapist.

The sentence was passed on 27-year-old Homer Kelley of Hobbs, oil field worker and sex case probationer. He pleaded guilty in district court to raping a girl under 16 years of age.

In his signed statement, he said he had raped three of the girls after breaking into a slumber

'Phone Company To Expand

NEW YORK, Dec. 22—(AP)—The American Telephone and Telegraph Co. announced Wednesday it will raise \$200,000,000 more in new capital to continue the Bell system's huge expansion program.

Directors authorized that amount of debentures, which will not be convertible into common stock, for competitive bidding Jan. 31. They are expected to have a maturity date of Feb. 1, 1971.

A. T. and T. and subsidiaries already have spent approximately \$4,400,000,000 since the war in an expansion program that has added 11,500,000 telephones to the system. That makes 33,300,000 it has in operation, or about 82 per cent of the nation's total of nearly 40,500,000 telephones.

When the war ended, Bell companies had a waiting list of 2,200,000 orders for telephones. But despite the net gain of 11,500,000, they still have some 800,000 unfilled orders and company officials declare the demand continues at a high level.

party. He said he forced them to submit under threats to shoot or stab them.

Although District Judge C. Roy Anderson advised Kelley of rights to an attorney, he told the judge he wanted to plead guilty. The court commented later that Kelley appeared to be greatly concerned over what he had done.

Kelley, father of an 18-month-old son, came here a year ago

from Seminole, Okla., he said to under three years probation in Wichita, Kans., for a sex offense.

• The Washington Merry-Go-Round Secretaries Acheson and Johnson Differ Over Returning Formosa to Japan

By Drew Pearson

WASHINGTON.—Most important backstage debate over U.S. foreign policy now involves Formosa, the strategic island north of the Philippines which Japan captured from China in the war of 1895. One pledge the Allies made to China in the recent war was that Formosa would go back to China.

But last month General MacArthur sent a triple-urgent cable urging that Formosa be claimed by us and occupied by U.S. troops for Japan. He warned that Formosa was a three-hour flight from Okinawa, two hours from Japan, and that the U.S.A. might as well kiss off all its southeast Asia program if it abandoned Formosa to Chinese Communism.

Behind this cable was the fact that Chinese Communists are readying a giant flotilla on the mainland to take this island, last remaining stronghold of the Chinese Nationalists. Also behind MacArthur's cable is the fact that Chiang Kai-shek, immediately after V-J day, made the tragic mistake of putting Formosa under one of his most unscrupulous warlords. Result: looting, terrorism and 60,000 Formosans killed. Most residents of the island would now welcome the Communists. Their taste of Chinese Nationalism has been sour indeed.

Prior to MacArthur's cable the joint chiefs of staff had decided to abandon Formosa. But his cable bucked them up. As a result, they have now agreed unanimously, have recommended that Formosa be claimed as Japanese territory and that a detachment of U.S. Marines, now on Guam, be landed.

The joint chiefs of staff are supported by potent Secretary of Defense Louis Johnson. And this is where the clash occurs. They are not supported by svelte but equally potent Secretary of State Dean Acheson. He points out that to occupy Formosa with American troops on behalf of Japan, after Japan's long record of imperial conquest against China, would make us the laughing stock of the orient. Furthermore, it would alienate oriental races all the way from Batavia to Harbin.

Cutting Red Tape
Red-tape cutout Steve Early, the Under-secretary of Defense, raised Cain last week with molasses-moving press executives in the Pentagon.

"Too many memos, too much red tape, too much dillydallying," Early blasted, looking at Bill Frye, chief of press relations for the entire national defense department.

Early, once a newsmen, and once press secretary to FDR, promptly relieved Frye as kingpin press arbiter over the Army, Navy and Air Forces. From now on, the Navy can issue its own statements to the press as well as the Army and Air Force.

Denfeld Not Quitting
Two men who were in the headlines over unification two months ago had a final showdown last week. They were sincere, hard-working Secretary of the Navy Francis Matthews and the man he kicked out as chief of naval operations, popular Admiral Louis Denfeld.

Matthews called Denfeld to his office, and demanded to know definitely whether he was quitting the Navy. He pointed out that Denfeld had promised to give his answer by December 1, that it was well beyond that date, and that Navy reorganization couldn't be held up any longer.

Denfeld explained that he was having trouble making up his mind. At first, he said, 70 per cent of his friends advised him to stick, but this ratio has now dropped to about 50-50. He had also been offered many civilian jobs—both in industry and politics. He had been invited, he said, to run for governor of Massachusetts and for the late Congressman Bates' seat in Congress. But, he insisted, he wasn't interested in politics.

A few days later Denfeld wrote Matthews a letter rejecting the command of U.S. Naval forces in European waters though he is still remaining temporarily in the Navy.

U.S. Diplomats Hounded

Counselor George Kennan has told Secretary of State Acheson that the United States may have to close down all its embassies and legations in Eastern Europe. Kennan, the ace diplomat on Russia, says the restrictions placed on the American legation in Bulgaria are just the beginning of a Russian campaign to drive every American diplomat out of Eastern Europe.

American diplomats in Sofia are followed day and night by secret police, aren't even allowed license plates for their automobiles. Rather than submit to this righthanded treatment, Kennan says it would be just as well to break relations with all Russian satellites.

Death Better Than Russians

U.S. High Commissioner Jack McCloy has reported to Washington that Otto Grotewohl, prime minister of Eastern Germany, tried to commit suicide—because of the Russians. McCloy says Grotewohl and his wife tried to end their lives in Berlin after repeated arguments with Russian officers who boss the East German puppet government.

Foreign Minister Andrei Vishinsky visited Grotewohl in the Russian hospital outside Berlin this week and then ordered the Russians to

put out the story that Grotewohl is suffering from the flu.

The Diplomatic Pouch
American diplomats in Moscow report that Stalin's 70th birthday yesterday may be his last. He is reported still vacationing on the Black Sea, trying to pick up weight lost after his latest heart attack. . . . The Norwegian government has appealed to the United States for three destroyers to help guard its coast against prowling Russian submarines. The Norwegians have spotted Russian subs photographing the coastline around Narvik. . . . Half a million American Catholics will make the Holy Year pilgrimage to Rome this year. They hope to build this into a crusade against Communism. . . . Secretary of National Defense Louis Johnson has completed the defense budget for next year with a cut of 13 billion dollars. He believes we'll have more actual dough for preparedness than when we spent 15-1/2 billion. . . . Secretary of State Dean Acheson will call another meeting of the Atlantic Defense Pact foreign ministers right after New Year's day. . . . Adm. Richard Conolly will not leave his post as fleet commander in Europe, despite press reports that he will become superintendent at Annapolis.

Excise Taxes Need Reviewing Even if Levies Are Necessary

By Bruce Blossat

During World War II Congress imposed a broad range of excise taxes on the nation's economy. Some of these were designed to bring in more revenue, but others aimed primarily at cutting consumption of civilian goods.

Luxuries like jewelry, leather goods and cosmetics were a big target. But necessities were not exempted. For example, excises on railroad freight brought in \$337,000,000 in one year, on passenger traffic \$251,000,000, on telephone and telegraph business \$535,000,000.

All these and many more were labeled wartime taxes but they are still with us four years after the end of the war.

Republicans in Congress have been clamoring for their removal for a long time. Gradually numerous Democrats joined the chorus, and now Sen. Scott W. Lucas, the Senate Democratic leader, has spoken as if he were sympathetic toward this objective.

Lucas noted a "tremendous sentiment in Congress and in the country" for knocking out the wartime levies. He thought such action might be a good stimulant for business, but that the lawmakers would have to turn up some other revenue sources to make up the loss.

Lucas made plain, however, that he has not consulted with President Truman. The President seldom overlooks a chance to call for higher taxes to close the widening gap between income and outgo; so it is highly improbable that he will endorse removal of the excise taxes now.

That does not mean nothing will be done. With elections coming up next fall, the 1950 session of Congress is certain to be tax-conscious. If it could make a showing by removing irksome levies and hiking others less noticeable to the public, Congress would probably be happy to do so.

The question will be where to place the heavier burdens to offset the lifting of excises. No bright suggestions have yet been heard.

With the 1949-50 deficit expected to be around \$5,000,000,000 to \$7,000,000,000, no one imagines we can risk making the situation worse by a further flat reduction in government income.

It may be argued that many of the excises are unwise and perhaps even unfair. For all anyone knows, the President might agree. But in the face of constantly mounting financial demands, he sees no course but to hang onto the revenues now pouring in.

When the war ended, informed guesses were putting the country's postwar budget at around \$2,000,000,000 a year. It never even came close to that relatively low level. And now it's hitting up at about the \$46,000,000,000 mark.

Naturally tax policies dreamed up at war's end had to undergo revision to meet this unforeseen burden. So the excises, along with steep corporate and personal income taxes, have stayed on the books.

Still, the excise program deserves careful review next year, even if election year politics inevitably will become entwined in the issue. Taxes definitely designed for a limited period should not be allowed to take on permanent character. Especially when there is danger they may do real harm in fields like rail transportation, which is now suffering considerably from a postwar travel decline.

Excises should be on the 1950 congressional agenda.

Naughty Fellow

A prominent Bulgarian, Rostov, who is accused of plotting with Tito against the Bulgarian Communist regime, has had the audacity to refuse to confess his crime in the accepted Communist manner.

Communist trials in Russia and her satellite countries have taught us that confessions of awful guilt are usually offered with considerable enthusiasm by alleged conspirators.

Tass, the Russian news agency was so flabbergasted by Rostov's refusal to play according to form that it was nearly speechless. It finally decided to label his behavior "insolent." An act of refreshing courage we'd call it.

Check The Obituaries

The sharp-eyed observer has to know where to look if he's following the cold war closely. For example, something may turn up on the real estate page, of all places.

The other day an item appeared there which stated that Russia's Amtorg Trading Corp. had decided to abandon its nine-story New York headquarters and move to a smaller building. This was immediately seized upon by the experts as a sign the Soviet Union has no hope of an early end to the East-West conflict and is going under wraps.

Well, anyway, we're still keeping the Russians off the sports page.

Course of True Love Mustn't Run Too Smoothly

Add to the other ingredients of a happy marriage a good argument now and then to clear the air and bring about real understanding, says Dr. Eugene F. Link, who lectures students at the University of Denver on such matters.

That's sound advice, of course. The marriage in which there is never a fight may sound ideal, but the only way to keep a marriage always running smoothly is for either the husband or wife to be a doormat.

If it's a real live partnership, then there are bound to be quarrels. But here's a word of warning to add to Dr. Link's advice. Don't keep quarreling over the same issue. Settle each matter as it comes along. And then drop the subject whether you win or lose the argument. And don't store away in your

mind words spoken in anger and brood over them in silence.

Fight a matter out. Make up. And then put the whole business out of your mind.

Don't Let Spats Get You Down

That's not always easy to do. But it should be easier if you accept arguments as a natural part of marriage instead of regretting them or brooding over them.

And just one other thing. Never hesitate to be the first to say "I'm sorry." If you were in the wrong, then it's your place to apologize. But if you were in the right, there's no surer way of getting it set straight than to take the initiative in making up. Saying "I'm sorry" then will usually bring a quick protest, "No, it was all my fault."

And with that the argument is over.

Scaly Skin Disease Psoriasis Is Very Difficult to Remedy

By EDWIN P. JORDAN, M. D.
Written for NEA Service

One of the rather common skin diseases is known as psoriasis. The skin around or near the elbows, knees, scalp and lower back are the most likely to be affected. Although the skin is disfigured, the disease is relatively harmless as far as life and general health is concerned.

In psoriasis the skin usually appears bright red and scaly on the surface. There is a sharp dividing line between the normal skin and that which is affected by the disease.

In those cases in which psoriasis starts suddenly, acute itching is common. In the more chronic cases which are more frequent, there is little or no itching. Those portions of the skin which have been involved for a long time generally become covered with a thick scale. If this scale is scraped off, tiny points of bleeding appear underneath.

Comes and Goes

People between 10 and 30 years old are the most likely to be affected. The cause is almost certainly not an infection. There is also a tendency for the skin lesions of psoriasis to come and go over a period of time.

Many treatments are being used for psoriasis. Most of them bring

about good results, at least temporarily. However, it is very common for people with psoriasis to get better for a time after treatment, then to get worse again and, if the treatment is tried again, not to improve at all.

The remedies most commonly used by skin specialists for psoriasis include coal tar ointments, exposure to ultraviolet rays, and sometimes X-ray. Almost every year some "new" cure is suggested.

QUESTION: Please tell me why I never sweat even in the hottest weather. I do not drink any water for five or six months at a time.

ANSWER: I do not know the explanation for this. I believe there is a rare condition in which the sweat glands are absent at birth, but this is the only possible explanation that I can think of. Your latter statement is most astonishing.

I Love My Doctor

By Evelyn Barkins

Copyright by Evelyn Barkins. Distributed by NEA SERVICE, INC.

THE STORY: After John's and my elopement, we found an apartment, decorated it ourselves and started waiting for John's first patient. But patients don't flock to a new doctor's office and we are spending most of our time eating Swiss cheese sandwiches and waiting.

X
WE were sprawled across the foot of our bed, in our perpetual wait for our first patient, sniffing audibly John and I had both decided that our quarters did not smell enough like an established doctor's office and we spent the afternoon trying to get a more medicated odor in the place.

"What we need is a real hospital smell," John had said, and I had agreed. "The nauseating, hard to breathe, antiseptic kind, you mean," I had suggested. "What we've got here is that new furniture polish and broiled lamb-chop-odor, which certainly isn't becoming."

So, we methodically sprayed two cans of ether, a bottle of ST 37 disinfectant, and a liberal supply of Lysol all over the house.

"But I can't breathe," I yelled, when we had finished.

We hurriedly flung open the windows for better ventilation, only to find, after the respiratory difficulty ceased, and we had gone out and re-entered to test the odor, that instead of being overwhelmed by a professional hospital smell nothing was left but the furniture and food.

"Maybe some antiseptic is still left," John began as we lay resting that night, hopefully trying to sniff some remnants of our efforts in the air; "but—"

Just then the doorbell rang. Again, as on that first occasion, we flew to our posts, lighting lamps, closing doors, like soldiers answering a bugle call to battle. Finally, with marvelous self-control, I opened the door.

"Good evening," I told the little old man on the step, and regally led the way to the toyer where

he promptly sat. Then I went into the office, where John had retreated, and delivered my message to Garcia.

"A patient?" John whispered. "I don't know," I said. "He looks bad enough to be one but that's no sure sign. At any rate," I finished, crossing my fingers. "He can't be looking for housework."

• • • • •

AFTER a suitable period of time had elapsed (this time we followed the rules although heaven only knows what good psychological effect our poor little waiting room could produce on anyone), John came out and said to the man, "You can come in now, sir," and sat behind his desk to wait.

The man walked slowly in and looked carefully about as he approached. But this time John was forewarned.

"And what can I do for you, Mr.—?" John paused expectantly.

"Wilkinson," was the immediate reply. "Adam Wilkinson, but just you sit down and take it easy, young feller," he went on shaking John's hand. "I heard there was a new doctor in the neighborhood, and I thought I'd drop right in and look you over." He finished with a twinkle in his eye as John and I collapsed in near-by chairs. "You never really know when you might need a doctor, do you?"

That night, however, after Mr. Wilkinson's departure, I rebelled at our slavery.

"Waiting for someone to come during office hours is bad enough," I told John. "But waiting for this phone to produce a house visit is a 24-hour job."

"A doctor's telephone must be answered any time of day or night," John sounded like Rule No. 162 out of an Army Guidebook.

"And in the meantime, how about a little ice cream soda down at the corner drug store?" I pleaded.

"What about a front door emergency?" John asked.

"We'll hang a little sign on the

front saying: 'Back in two minutes. At corner drug store.' That should tell them. Please John," I begged. So with the sign hung, we ran down the street gulped a soda, and started back in two and a half minutes.

"See?" I began triumphantly to John, as we neared our house, but then I stopped. The phone, that dirty, tyrannical, heartless traitor was ringing loudly and clearly through the opened bedroom window. "We both broke into a quick run, but John said, after a hurried search: 'I can't find my key.'"

• • • • •

FRANTICALLY, we tried the door, but it was firmly locked. "Get in the bedroom window," I said, turning towards it. "It'll be nearer since there's an extension there."

The telephone was still ringing. Unfortunately, the bedroom window was only partly open, about 14 inches to be exact, and it was fastened at this point by a complicated safety device. John got his bulk halfway in and then got stuck.

"I can't make it," he panted, and it took 5-1/2 of us, yanking hard, to pull him back out.

"I'll go, I'm smaller," I said. This time, we were successful, and I fell with a heavy thud to the floor. I picked myself up and ran for the phone but just then it stopped ringing.

"Hello, hello, hello," I screamed and baned ed by my merciless tormentor, but it was as dead as the churchyard in Goldsmith's "Deserted Village."

"Didn't catch it?" John asked as I let him in the front door.

I shook my head.

"It doesn't really matter," he tried to console me. "Probably somebody wanting to sell me a subscription to a magazine."

But the next morning, a telephone call from old Dr. Kreutzman, squelched that. "Where were you?" he demanded in booming tones. "A fractured leg came into the emergency room last night and wanted a private doctor so I tried and tried to get you. No answer. I finally sent it to Saunders."

Color Mirror Aids TV

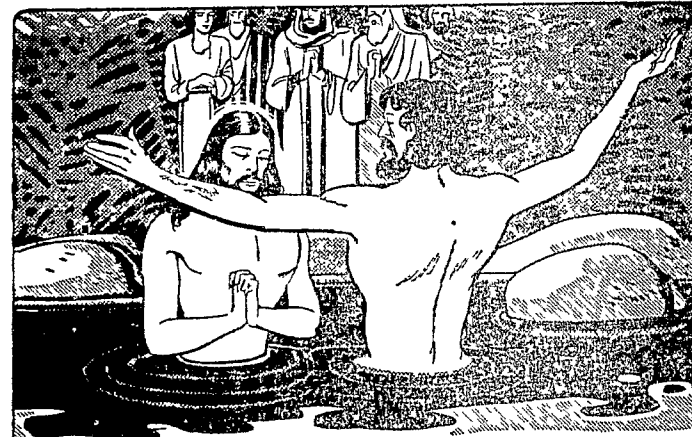

NEW YORK.—(P)—One of the latest devices to be used in color television research is a dichroic mirror. It has the ability of passing one color while reflecting another.

Thus, it can be employed where it is desired to have the image of one picture tube come directly through while at the same time reflecting images of one or more other tubes. By this method one color can be impressed on the other optically to provide a complete color image in a direct viewing receiver.

The U. S. Navy's first submarine was stubby and cigar shaped.

THE STORY OF THE SAVIOR

Then Jesus left his home and mother in Galilee and went to the Jordan valley to be baptized by John, who felt that it was he that ought to be baptized by Jesus. But Jesus prevailed. (Matthew 3:13, 14, 15)

The Baptism and Temptation of Jesus

"And Jesus went up straightway out of the water and he saw the Spirit of God descending like a dove and lighting upon him; and lo, a voice from heaven, saying, This is my beloved son, in whom I am well pleased." (Matthew 3:16, 17.)

BY WILLIAM E. GILROY, D. D.

Then came Jesus' great ordeal of temptation. He went into the wilderness and fasted 40 days, and while in this weakened state he resisted the devil, saying, "Get thee hence, Satan." (Matthew 4:1-10.)

LaMonte Team Defeats Sedalia Basketeers

The LaMonte Independent basketball team scored a win over the Sedalia Town and Country team, Tuesday night by a score of 49 to 39.

LaMonte cagers played under a handicap being short five of their ten players but played a well fought game behind the shooting of Jones and W. Fisher.

LaMonte is scheduled to meet Knob Noster tonight.

Vacancies For Qualified Men

Sgt. John R. Stacy, of the U. S. Army Air Force recruiting station, located at the Sedalia post office building said today that several vacancies still exist for qualified men for assignment to the command and general staff school, Ft. Leavenworth, Kas. Sgt. Stacy stated the more highly qualified might expect assignment as assistant instructors.

Men will be accepted up to the grade of sergeant (war time staff sergeant) and although no certain length of assignment is specified it is thought that if service is satisfactory a reasonably long assignment can be expected.

Sgt. Stacy pointed out that this opportunity is very much like seeking a job in civilian life. The applicant will make the trip to Ft. Leavenworth at his own expense, will be interviewed, and if found acceptable for the assignment and is what he wants, then he will be enlisted.

Men with administrative background are urgently needed but men with other backgrounds will be considered.

Interested persons should contact Sgt. Stacy at his office between the hours of 8:00 a.m. and 5:00 p.m.

To Share With The Italians

Two Sedalia men, Lt. Cmdr. William C. Carton, USN, of 615 West Seventh street, and Glenn A. Harms, yeoman, third class, USN, of 205 South Massachusetts, who is serving aboard the heavy cruiser USS Des Moines in the Mediterranean, may this Christmas change the conception many Italian children have of Santa Claus.

In the future, they will probably envision Santa as an American sailor aboard a warship, instead of the proverbial sleigh. The reason is that plans have been made for the crew of the Des Moines to share their Christmas with a group of underprivileged children from Naples, Italy. Their holiday entertainment will consist of a turkey dinner, a program of carols, and movie cartoons reflecting the Christmas spirit, capped by a visit from Santa with gifts. Each child will also receive candy and nuts and will be taken on a conducted tour of the ship.

The Des Moines is operating in the Mediterranean as flagship of the Sixth Task Fleet, under the command of Vice Admiral John J. Ballentine.

Tournament of Roses Queen

Meet the queen of the 1950 Tournament of Roses. She is Marion Brown (above), 19, of Temple City, California. She is a blue-eyed blond, five feet six inches tall, 125 pounds, and attends Pasadena City College (AP Wirephoto)

of Mr. and Mrs. Curtis Lopp, Smithton, route 1, with a turkey dinner at 7:00 o'clock, Thursday evening, December 16.

The ladies of the club assisted the hostess in the entertaining. The home was decorated in keeping with the holiday motif. After refreshments were served, the table was cleared and a game was enjoyed by all.

There was an exchange of gifts as well as gifts of secret pals from a lighted Christmas tree. Twenty-five persons were present.

Information For Draftees

It is a government regulation that all boys must register within five days after they reach their 18th birthday anniversary and they must carry their registration cards with them at all times, according to Mrs. Verna E. Williams, clerk at the local Draft Board No. 84. It is believed by the local board that a large number of Pettis county youths have failed to register in the past few months when they have become 18.

Failure to comply with the Selective Service law is punishable by fine or imprisonment. Also all boys between the ages of 18 and 26 years of age, who have been discharged from the service

nual 1950" just off the press. All you need is \$6.50, a restful chair and time for a stimulating pictorial review. This 15th edition is its International Edition because the outstanding work of so many foreign photographers is presented, as well as the current efforts of America's leading lensmen. Once again its two sections are devoted to "finest" photographs and great news pictures. Inevitably any camera fan will browse through with mixed emotions. At times he will be amazed, amused, startled, envious, proud and even disdainful of some of the selections. But at all times he'll be interested. Personally, I'd like to see simpler on-the-photo captions for the double-truck pictures in the book but that's a minor point in its otherwise fine quality production.

Here's another annual, "Year, 1949." This second edition is published by Year Incorporated of Los Angeles and costs \$5. Its job is to evaluate and present the significant news events from Sept. 1948 to Sept. 1949 in articles and 700 news pictures in capsule review form. It makes a complete reference book for world wide news happenings but the pictures suffer in quality of reproduction.

For mountain-climbing camera fans we have an unusual publication in Ansel Adams' "My Camera in Yosemite Valley." The 24 illustrations are printed in the very finest screen on extra slick paper so that the photos look like original glossy prints. The accompanying text is a working guide book on mountain picture taking in all its phases. Houghton Mifflin published it spiral bound at \$10.

Before leaving the high quality printing field let's not forget "Feininger on Photography" which is Ziff-Davis' showpiece at \$15. This comprehensive source book of information and inspiration tops the gift list for any serious photographer—whether beginner, advanced amateur or professional.

Down in the dollar bargain basement we find a couple of good buys too. There's the best seller, Clare Barnes' "White Collar Zoo," a collection of hilarious animal photos with mirth provoking captions. Reminds me that a little fun along this style would pep up any family album.

We also find here an unusual photographic interview by Philippe Halsman called "The Frenchman." By "unusual" I mean in its presentation and Simon and Schuster, the publishers, deserve some credit. The subject of the interview is Fernandel, a famous French movie comedian. He answers all the questions only with his expressively mobile face.

If you want something instructive while you're poking among the dollar books look at the thirty odd titles of the Little Technical Library. Whether it's

are also required to register. The Selective Service office, located at 500 1/2 South Ohio avenue, is only open on Mondays from 8:00 a. m. to 12 and from 1:00 p. m. to 5:00 p. m. During the holidays the office will be open on Tuesday, December 27, and Tuesday, January 3. Anyone wishing to register on other days may see Laton H. Baimar in the county clerk's office in the court house.

Smokeless Furnace
URBANA, Ill.—(AP)—The University of Illinois has a home coal furnace that burns its own smoke. The coal burned includes numerous low-grade fuels that now cannot be burned in many cities, because of anti-smoke regulations. The furnace is like a U-shaped pipe. Coal is poured into one side. The fire is started at the bottom of the coal. But the fumes do not go up through the coal bed. The draft comes down through the coal. The result is that as the fresh coal gets hot and the gases form, they are drawn downward. These gases are the smoke. They pass down and around the bottom of the U and start upward on the side opposite the burning coal. The heat is enough to ignite them as they leave the coal bed. A stream of fresh air which enters the furnace at this point enables the smoke to burn completely.

U. S. Stand Ready For Self Defense

President Speaks As To Prospects Of World Peace

By Roger D. Greene

WASHINGTON, Dec. 22—(P)—Pres. Truman said Wednesday the United States must stand ready in self-defense because "until the captive peoples of the world emerge from darkness, they cannot see the hand we hold out in friendship."

Mr. Truman did not allude to Soviet Russia and her satellites by name, but he made his meaning clear when he declared:

"There is no appeal to the brotherhood of men who live in daily fears of the concentration camp."

In broad terms, the President spoke out on the prospects for world peace at ceremonies in Arlington National cemetery marking the acceptance of a Carillon memorial to the nation's war dead.

The \$25,000 Carillon, installed in the cemetery's amphitheater, was donated by the American veterans of World War II. It will be played automatically each day at the hour of retreat.

In this country, Mr. Truman said, we have established "a creed of self-government more precious to us than life itself."

Then, with a gesture to the graves of American soldiers who have died to keep freedom alive, the President continued:

"If man could achieve self-government and kinship with his God throughout the world, peace would not tremble in the constant dread of war."

Sick Of Suffering

"Mankind is exhausted from the ordeal of conflict. All men are sick of blood-letting and hunger, and weary of the troubles suffered for so many years. If we could mobilize world opinion among all men who walk the earth, there would never be another war."

"This we cannot do alone. For the earth is deeply divided between free and captive peoples."

"In an age where peace must be protected, we must resort to our own strength to hold aggression at bay."

In an obvious reference to this country's multi-billion-dollar outlays in arms and economic aid to friendly nations, the President said that at times the expenditures for security "seem to be in competition with social progress."

Joining Mr. Truman at the Arlington ceremonies, Norwegian Ambassador Wilhelm Munthe De Morgenstierne declared that without the sacrifice made by those who died in the last war, "the entire world might today be in a state of abject slavery."

Mr. Truman attended the ceremony at Arlington, across the Potomac river in nearby Virginia, amid a busy round of official duties before leaving Friday by plane to spend the Christmas holidays with his family in Independence, Mo.

Charles G. Ross, White House press secretary, said Mr. Truman will meet with his cabinet tomorrow (Thursday) morning to discuss the outline of his "state of the union" message to Congress.

C. D. Warren Is Injured

C. D. Warren, route 3, Sedalia, former manual training instructor of the Sedalia high school, was injured but not believed seriously about 4 o'clock Wednesday afternoon at Third street and Ohio avenue, when it was said he walked into a moving automobile.

Dr. K. L. Holdren, who was standing on the corner at the time, rushed over to Mr. Warren and gave emergency treatment and had him removed to the Woodland hospital in the McLaughlin ambulance. He suffered a laceration on the forehead, bridge of his nose, and hand. X-ray pictures will be taken this morning to determine if he suffered any further head injury.

According to L. R. "Jim" Reed, route 4 Sedalia, Mr. Warren stepped from the northwest curb and started southward across Third street and walked into the right front fender of his automobile. Reed reported he was not driving more than 10 or 15 miles an hour. He said he was headed west on Third street at the time.

Mr. Warren's injury was probably less severe due to a package he was carrying which was knocked from his hand and his head hit the pavement instead of the pavement when he fell.

Time For Christmas Cookies

Cookie Parade — Have them on hand for the holidays.

By Cecily Brownstone

Associated Press Food Editor

All of these cookies will keep fresh for days if stored properly — and that means in a tightly closed tin box. Be sure to store soft cookies in one tightly closed container, crisp cookies separately in another. And are they ever delicious! Each variety has its unique flavor.

Coconut Squares

Ingredients: For crust—1½ cups sifted all-purpose flour, ½ cup sugar, ½ cup butter or margarine, 3 tablespoons old fashioned dark molasses. For Topping—2 eggs (beaten), ¾ cup sugar, 3 tablespoons sifted all-purpose

flour, ¼ teaspoon salt, ½ teaspoon baking powder, ½ cup old fashioned molasses, 1 cup chopped nut meats, 1 cup shredded coconut.

Method: For Crust — Sift flour and sugar together. Cut butter or margarine to make crumb consistency. Add molasses; mix well and pat into an ungreased 8x12-inch pan. Bake 10 to 15 minutes in a moderate (350 degrees F) oven. The top of the crust will be slightly soft, but do not increase baking time. For topping — Mix the eggs, sugar, flour, salt, baking powder, molasses, nut meats, and coconut. Bake in a moderate (350 degrees F) oven

for 25 minutes. The top will be slightly soft, but do not increase baking time. Leave in pan to cool. Cut into 36 squares.

Molasses Crisps

Ingredients: 3 cups sifted all-purpose flour, ¼ cup sugar, 1 teaspoon baking soda, 1 teaspoon salt, 2 teaspoons ginger, 2 teaspoons cinnamon, ¾ cup shortening, 1½ cups old fashioned molasses (heated).

Method: Sift together the flour, sugar, baking soda, salt, ginger, and cinnamon. Cut shortening into mixture to resemble crumbs. Stir in warm molasses. For drop cookies drop ½ teaspoon batter at a time onto greased cookie sheets; flatten tops to ½-inch thickness with a glass covered with a damp cloth. Bake in a moderately hot (400 degrees F) oven for 7 to 8 minutes. For rolled cookies chill dough until stiff enough to roll (about 4 hours or overnight). Roll on lightly floured board and shape with cookie cutters. Decorate as desired with colored sugar, nuts, or dried or candied fruit. Bake as for drop cookies above. Makes 7 dozen cookies.

Christmas Cookie Cakes

Ingredients: ¾ cup softened butter or margarine, ½ teaspoon salt, 2 teaspoons almond flavoring, ½ cup sifted confectioners' sugar, ½ cup old-fashioned molasses, ½ cup finely chopped nut meats, 2½ cups sifted all-purpose flour.

Method: Cream together butter or margarine, salt, almond flavoring and sugar. Add the molasses and nut meats. Stir flour into mixture, about 3 tablespoons at a time. Chill dough until it is stiff enough to handle. Shape small pieces of dough to resemble

candy canes, keeping hands and board dusted with confectioners' sugar instead of flour. Bake on lightly greased cookie sheets in a slow (325 degrees F) oven for 15 to 20 minutes or until lightly browned. Cool on pan 1 minute before removing to wire cake cooler. A very Merry Christmas to you from all of us at SAFEGWAY

Mrs. Verna Palmer
The annual Christmas party of the Mutual Improvement club of Green Ridge, was held Saturday evening, December 17, at the home of Mr. and Mrs. Russell Miller in Green Ridge.
The following members of the Citizenship committee, Mrs. Russell Miller, Mrs. Forrest Calvert, Mrs. A. M. Kendrick and Miss Josephine Johnson were hostesses to the club and their families. A contributive buffet dinner was served and guests seated themselves around small tables centered with charming little popcorn snowmen encircled by a string of popcorn.
Following the dinner the tables were cleared and the guests entertained themselves by playing Liverpool rummy.
Exchange gifts were piled around a brightly lighted Christmas tree and were distributed to the following: Mr. and Mrs. L. B. Beach, Mr. and Mrs. Forrest Calvert, Mr. and Mrs. Ebert Close, Mr. and Mrs. Ralph Chaney, Mr. and Mrs. Floyd Egbert, Mr. and Mrs. Waldo Harbit, Dr. and Mrs. H. A. Hite, Mr. and Mrs. M. R. Hutcherson and sons, Dane and Ray, Mr. and Mrs. Carl Johnson, Miss Josephine Johnson, Miss Gayle Kendrick, George Murphy, Mr. and Mrs. A. M. Kendrick, Mr. and Mrs. Clarence Mahin, Mr. and Mrs. Russell Miller and daughter Judy, Mr. and Mrs. Glen Morrow and daughter, Shelley, Mr. and Mrs. Loy Smith and Miss Grace Still.

The T. N. C. Sunday school class of the Green Ridge Presbyterian church held its annual Christmas party on Saturday night, December 10, at the farm home of Mr. and Mrs. Waldo Harbit near Green Ridge. Mr. and Mrs. Junior Johnson were assistant hostesses.

A contributed dinner was served from the dining table which was centered with an arrangement of lighted candles, silvered cedar and a popcorn cake. Card games were played and an exchange of gifts was enjoyed.

A short business session followed. Officers elected for the new year were: president, William Heibner; vice-president, Mrs. George Weller; and secretary-treasurer, Mrs. Waldo Harbit.

M. R. Hutcherson is the teacher of the class. The following class members were present: Mr. and Mrs. Emory Brown and son, Larry, Mr. and Mrs. Vaughn White and daughter, Peggy, Mr. and Mrs. George Weller and children, Walter and Kathryn, Mr. and Mrs. Floyd Egbert, Mr. and Mrs. Loy Smith and son, J. L., Mr. and Mrs. William Heibner, Mr. and Mrs. Floyd Beemer, and son Jimmy, Mr. and Mrs. Wilfred Purchase, Mr. and Mrs. Roy Ragar, Mr. and Mrs. Howard Bell and sons Stanley and Dannie, Harvey Wadleigh, Julian Upton and Sue and Russell Harbit.

Miss Dena Skidmore and Mr. and Mrs. George Richardson Jr. were guests.

Miss Cecile Vogelbaugh of Madison, Wis., arrived the latter part of the week in Green Ridge to spend the Christmas holidays with her parents, Mr. and Mrs. E. C. Vogelbaugh at their home here.

Mrs. James Audrey of Kansas City, spending a few days the past week visiting with her parents, Mr. and Mrs. Roy Calvert at their home in Green Ridge.

Santa and the MAGICIAN

HENRY'S PRESENT

ZEZOP and his Wiggle Waggles quickly tied up Santa. "Welcome to your own party," sneered Zezop. "I told you that you would be sorry for not inviting us."

"Let's give him some party food," suggested Humphrey wickedly. "How about some gum drops?"

Immediately the Wiggle Waggles began dumping gum drops from their pockets—gum drops which were really the enchanted Santa Land workers and their story book friends who had come to the party.

Santa gazed sadly at the gum drops heaped on the table. The tip of his own magic wand stuck from Zezop's pocket. "If I could only get that," thought Santa longingly. But he knew there was no chance at all.

Meantime, Mr. Dilly and Henry hid in the bicycle shop, not knowing that Santa had led the Wiggle Waggles off their trail. All about the shop were bicycles and tricycles, shining bright with newness. How wonderful they would look around all the Christmas trees on Christmas morning!

Henry thought about the Christmas he'd never have. Mr. Dilly was planning how to save Henry and Santa. He did not know that the Wiggle Waggles had already captured Santa.

This was his idea: why shouldn't he take Santa's place and let the Wiggle Waggles capture him while the real Santa escaped?

"Henry," said Mr. Dilly. "Lie down and get some rest."

The boy was only too willing to obey. He clutched his Christmas gift in his hand and stretched out on the floor. Instantly he fell asleep.

MR. DILLY rummaged around the shop. The tables and benches had been overturned by the galloping Wiggle Waggles. Wrenches, screw drivers, and pliers were strewn about. Some of the bicycles had been smashed.

Hunting around, Mr. Dilly found what he wanted. It was an old work suit of Santa's. It was torn and dirty but it was red and fur trimmed.

What a sight Mr. Dilly looked when he had put it on! Long, thin

"I TOLD YOU YOU WOULD BE SORRY," SNEERED ZEZOP.

Mr. Dilly with Santa's suit hanging on him like a double sheet. He snatched up rags that lay about the shop and stuffed them in his coat, filling out the empty spaces.

Then he glued wads of cotton to his chin and cheeks. He had no hat so he glued cotton to his hair, too, to make it white and fluffy like Santa's.

When he was ready he was the funniest sight you ever saw. But anyone looking at him would have known right away that it wasn't Santa. Claus he was someone who was supposed to be Santa Claus.

He ducked out of the bicycle shop and started off for Santa's cottage. He could hear the Wiggle Waggles whooping it up over there.

"Jingle bells, jingle bells," sang out Mr. Dilly, trying to sound very gay and jaunty. "Here comes Santa himself!"

With that he burst into the cottage. Instantly he saw Santa all tied up and he knew his whole plan was ruined. But it was too late to do anything. The astonished Wiggle Waggles looked first

at him and then at the real Santa and then back again.

Finally Zezop said, "Maybe it's all done with mirrors, maybe not. Anyway, now we have two Santas."

Well, I guess that would have been the end of everything if it hadn't happened that just about that time little Henry over in the bicycle shop woke up. When he found Mr. Dilly gone he thought the Wiggle Waggles had gotten him and would soon get him, too.

"That being so, there's no reason I shouldn't open my Christmas present right now," he said to himself. "After all, it's the only present I ever had and I'm sure Patrick Tweedleknoses wouldn't mind if he knew how it was."

So he tore the wrapping from the little box and peeped inside. What he saw was a tiny golden feather covered with tiny silver writing. For one whole minute he stared open mouthed reading the words on the feather.

Suddenly he cried out with joy. Then, his face lit with happiness and the feather tight in his hand, he whispered softly to himself.

CANDY CHRISTMAS TREE—For the kiddies.

By Cecily Brownstone
Associated Press Food Editor

Wonderful centerpiece for a holiday party table is a Christmas candy tree. Everyone will be delighted to admire it first, then munch a piece of it! Shape the tree yourself, for that needs fast work, but let the youngsters stud it with "lights" in the shape of gumdrops, cherries, dates and pecans. Center the tree on the table and arrange green huckleberry leaves or pine boughs around it. Then put tiny surprise package favors in among the leaves and tie them with gay ribbons that lead to each place.

Candy Christmas Tree

Ingredients — One 4½ ounce package puffed rice, 2 cups light corn syrup, 1 teaspoon salt, 2 teaspoons vinegar, ¼ cup butter or margarine, 2 teaspoons vanilla, gumdrops, candied cherries, dates, pecans, candied pineapple.

Method — Put the puffed rice into a shallow pan. Heat in a moderate (350 degrees F.) oven for 10 minutes. Pour puffed rice into a large greased bowl. Mix the syrup, salt and vinegar together in a saucepan; cook until a few drops in cold water form a hard ball (255 degrees F.). Remove from heat; add butter or margarine and vanilla, stirring only enough to mix. Mixing quickly, gradually pour cooked syrup over the puffed rice. With greased hands shape into a large cone-shaped tree. Decorate with gumdrops, candied cherries, dates, and nuts. Cut star for top from candied pineapple. Place decorated tree on a base about two inches high — a small can, a glass, or a custard cup works fine. Wrap base with Christmas paper.

Note — Make the tree no more than a day or two before the time it is to be used.

Here's another holiday confection that's delicious to taste and easy to make:

Chocolate Marshmallow Bars

Ingredients — 8 cups puffed rice or puffed wheat, ¼ cup butter or margarine, one-third cup peanut butter, ½ pound (about 32) marshmallows, 1 six-ounce package semi-sweet chocolate pieces and ½ cup peanuts.

Method — Put puffed rice or wheat into a shallow pan. Heat in a moderate (350 degree F.) oven for 10 minutes. Pour into a large greased bowl. Melt butter or margarine, peanut butter and marshmallows in a double boiler, stirring occasionally. (It may take quite a little while to melt the marshmallows.) Pour over puffed rice or wheat, stirring until the cereal is evenly coated. Pack half of mixture in a greased 7x11-inch pan; cover with chocolate pieces. Place in a mo-

"NO MORE SLEEPLESS NIGHTS"

"I feel so much better since I no longer have to dread those awful sleepless nights! My insomnia turned out to be due to caffeine in the coffee I drank. So I switched to POSTUM and now I get 8 hours of restful sleep every night."

Are sleepless nights, due to "coffee nerves", interfering with your good health? ... Do you wake up in the morning, feeling tired and lousy? ... Then, try a switch to 100% caffeine-free POSTUM. See if you don't enjoy good, natural sleep that makes you feel better and enjoy life more.

SCIENTIFIC FACTS: Both coffee and tea contain caffeine. And caffeine is a drug that acts upon the brain and central nervous system. Also—in susceptible persons—caffeine tends to produce harmful stomach acidity. So, while many people can drink coffee or tea without ill-effect, others suffer nervousness, indigestion, sleeplessness. But POSTUM contains no caffeine or other drug—nothing that can possibly keep you awake!

MAKE THIS TEST: Give up coffee—give up tea—drink POSTUM exclusively for 30 days—and judge by results! Ask your grocer today for INSTANT POSTUM—A Vigorous Drink from Healthful Wheat and Bran—100% caffeine-free! POSTUM is a Product of General Foods.

HOUSEHOLD HINT

TO MAKE large quantities of toast at a time, use your range broiler. Fresh bread, close to heat, makes soft toast; farther away makes crispier toast.

RECIPE

PINK ANGEL PIE

Pie Shell ½ c. sugar
4 egg whites ¾ c. sieved frozen
¼ tsp. cream of tartar strawberries
1 c. sugar 1 tsp. lemon juice
Filling: 1 c. whipping cream
4 egg yolks

Beat egg whites frothy, sprinkle with cream of tartar, then beat until they barely hold up in peaks. Gradually add 1 c. sugar, beat until well blended and very stiff. Spread in well-greased 9-inch pie pan. Bake in very slow oven (275°) 20 min. Increase heat to slow (300°) for 40 min. longer. DO NOT OPEN OVEN DOOR FOR FIRST 40 MINUTES. Let meringue pie shell cool, prepare filling. Cook egg yolks, sugar, strawberries and lemon juice in top of double boiler until thickened. Cool. Whip cream, spread half in meringue shell. Put in filling, top with rest of cream. Chill at least 24 hours. Serves 6 to 8.

Got a Break
HOLLYWOOD —(P)— Back in 1942, Jack Beutel arrived in Hollywood from Dallas to crash the movie business.
Within three weeks he got a break. He was signed to play Billy the Kid in "The Outlaw," with Jane Russell Beutel rightly considered himself lucky.
Seven years later he still is waiting for his second screen role.

Homespun Sausage And Baked Beans

Plump sausage links top this homey casserole of baked beans in a clever wagon wheel effect. If desired, bulk pork sausage patties or country-style sausage may be substituted for the links.

Sausage Links and Baked Beans
Buttered Spinach
Cabbage, Green Pepper, Radish Salad
Corn Sticks
Butter or Margarine
Fruit Bowl
Christmas Cookies
Coffee Milk

Wintry days demand whole-meal meals to keep us warmly satisfied. And for numerous interestingly varied meals, you can rely upon spicy sausage. Sausage dinners create a homespun atmosphere that results in appealing meals for any hour of the day.

Among the choice combinations, sausage links are combined with well seasoned baked beans. Featured with this combination may be buttered spinach and a salad of finely shredded cabbage, chopped green pepper and red radish slivers. Corn sticks are the perfect accompaniment to the main dish. A simple dessert, that forgets preparation, is a large bowl of colorful fresh fruits and some of those Christmas cookies you have carefully stored in air-tight containers.

Correct Cooking
Sausage will be appearing in your menus in various forms — bulk pork sausage made into patties or loaves, sausage links or country-style sausage (larger in diameter than links and in one continuous length). When cook-

ing patties, links or country-style (cut into desired lengths), place them in a frying-pan with two or three tablespoons of water. Cover the pan and let the sausage cook slowly for 10 to 15 minutes. At the end of this time, remove the cover and let the sausage brown.

In addition to baked beans, sausage enlivens meals when served over noodles, scalloped corn, apples, onions or potatoes. Start the sausage — bulk or links — in a frying pan, then brown them in the oven on top of the casserole.

Little sausage links are interestingly used in a corn bread pudding for a luncheon treat. Prepare corn bread butter and pour the mixture into a well greased baking dish. Place the sausage links on top and bake in a moderate oven (350 degrees F.) for 40 to 45 minutes. It's grand served with a fresh fruit salad and hot biscuits, or for a breakfast treat, served with big baked apples.

Sausage And Bean Casserole
4 cups cooked navy beans.
½ cup catchup.
2 tablespoons prepared mustard.
1 cup brown sugar.
1 medium onion, sliced.
1 pound pork sausage links.
Combine beans, catchup, mustard, brown sugar and onions and place in a well-greased casserole. Arrange pork sausage links on top of the beans and bake in a moderate oven (350 degrees F.) for 40 to 50 minutes. 6 servings.

Mrs. Maude Albin
A week of prayer for foreign missions was observed by the W. M. U. and the B. W. C. of the Baptist church. Tae W. M. U. met Monday and Wednesday afternoons and all day Friday. The B. W. C. presented their program Monday evening which was attended by a large crowd.

Daughter, born to Rev. and Mrs. Ivan Damerson at the Latham hospital Sunday, December 4. The Damersons have three other children, all boys.

Mr. and Mrs. Dock Dawson celebrated their fifth-eighth wedding anniversary December 6 at their home in Clarksburg. Their daughter and son-in-law, Mr. and Mrs. Herbert Fuls, of Los Angeles were present as was another son, Joe, of the home. Mr. and Mrs. Dawson have twelve living children, thirty-one grandchildren and eight great grandchildren. Both Mr. and Mrs. Dawson were born in Cole county and were schoolmates before their marriage. Mr. Dawson will be 31 next March and Mrs. Dawson will be 74 in January.

Mr. and Mrs. Jack Crawford and daughter, Sharon Kay, of Warrensburg visited Sunday in the homes of their parents, Mrs. G. C. Van Stratten and Mr. and Mrs. Ed Crawford in Clarksburg.

Put Santa on the Spot

(NEA Telephoto)

C. E. Coy, cafe owner, told his young customers in Parsons, Kas., that he would have Santa come see them. The children called his hand, so Coy, who weighs 209 pounds and fits Santa's specifications perfectly, makes nightly visits around town. One of his first calls, as Santa, was to see Claudia Baze, 5, peering into sack, who is spending Christmas at home in Parsons before returning to a Kansas City hospital for an operation which may enable her to walk without the brace on her left leg. Claudia, who asked for a doll and carriage, became a polio victim when she was two years old.

Renshaw and family. Another sister, Mrs. Dennis Overbay and children, who also live in Kansas City, came there to visit with them.

The Cross Lane community club held their Christmas social Wednesday evening, December 7 at the home of Mr. and Mrs. P. W.

You Don't Bake This Fruit Cake

QUICKIE CAKE—Here's a Christmas fruit cake which requires no baking and only three days to "ripen."

C., Saturday night and spent the night and Sunday with Mrs. Yarnell and Mrs. Maxine. Mr. Yarnell was accompanied by Bailey Cain of Memphis, Tenn. They were en route to West in Pyramid trucks.

Mr. and Mrs. O. W. Rathel spent Monday and Tuesday in Kansas City.

Jeanne Kueffer spent Tuesday night with Mary Maxine Yarnell and attended the ball game at Boonville.

Mrs. Mae Winebrenner returned home recently from Cowden, Ill., where she spent a few weeks with her son, Clarence Eckles, wife and family.

Mrs. Nola Martin was a Sunday dinner guest of her son and daughter-in-law, Mr. and Mrs. Leonard Martin and children, in Cross Lane community.

Here's something new in fruit cakes. You don't have to bake it. It's a refrigerator cake and you can make it only three days before you use it. And it is inexpensive.

How does it taste? Good, but not so rich as regular fruit cake. Don't make it if you expect this easy inexpensive method to produce the traditionally rich and tightly packed fruit cake. But if you want a good cake, gayly decorated, wholesome enough for the children to eat, which requires only three days to "ripen" and needs no baking at all, then here's the answer.

Use a 1½-quart ring mold. Syracuse spent Saturday and Sunday with her mother, Mrs. Raymond Baker, son Lloyd, and grandson, Wayne.

Note: 9 cups of bran flakes may be alternated for wheat flakes, or other novelty molds also can be used, if a higher cake is desired, be used.

Refrigerator Wheat Flake Fruit Cake
(Yield: One 1½-quart ring mold cake)
Nine cups wheat flakes, 1½ cups chopped, cooked prunes, ¾ cup chopped dates, ¾ cup chopped walnuts, 1½ teaspoons grated orange rind, 1½ teaspoons grated lemon rind, ¾ cup brown sugar, 1 teaspoon salt, ½ teaspoon cinnamon, ½ teaspoon ginger, ½ teaspoon nutmeg, ½ cup orange juice.
Roll wheat cakes to make 3 cups fine crumbs. Combine all ingredients and mix thoroughly. Line ring mold with wax paper; press fruit mixture into pen and smooth top. Cover with several thicknesses of wax paper and place in refrigerator 3 days before serving. To serve, unmold, top with fruit and nuts if desired; slice.
